# BI PLANAR CHAINS & SPROCKETS

**RENOLD**  
New Zealand  
[www.renold.co.nz](http://www.renold.co.nz)

- Interchangeable with current installed chains
- Available with solid rollers, bearings rollers or a combination of the two
- Bearing rollers use standard bearings for ease of replacement
- Sideplates are sherardised with a zinc bonding treatment for improved corrosion protection
- Other parts are zinc plated for corrosion protection
- Sprockets manufactured in-house
- Specialist chain manufacturer for the meat processing industry
